Lab 1H: Our Time Response Sheet

Directions: Record your responses to the lab questions in the spaces provided.

Exploring your data

- How many observations and variables are there?
- What are the names of the variables?
- Which row represents YOUR *typical day*?

How do we spend our time?

- State and answer two statistical questions based on our *research question*.
- Also, state one way in which your personal data is *typical* and one way that it *differs* from the rest of the class.

Lab 1H: Our Time ***Response Sheet***

- Justify your answers by using appropriate statistical graphics and summary tables.

- If you subset your data, explain why and how it benefited your analysis.
